BRATED IN SALT LAKE.

Horses, horseplay, horseless carriages and nightmares were features of the Elks' parade of last evening. Thousands of persons lined the streets along the principal business streets through which the procession passed. The applause was nited, chiefly because the bewildered

propulace could not grasp the full sigpropulace could not grasp the full sigliftcance of what moved by.

There were vehicles of every description and many that cannot be described.

There were creatures of practically every
species known to earth and many that
have never been seen except in disordcred dreams. The only missing member
of the menagerie was the coney, which
refused to go on at the last moment.

The presence of a platoon of police at
the head of the column did much to allay the fears of the spectators, but even

### Some of the Floats.

Some of the Floats.

This was not entirely due to the presence in the parade of Jim Leary, Jim Devine, Leater Freed, Tom Pitt find Dick Whittemora. There were other terrifying sights. There was the pictured fate of the knockers, who, clad in stripes and accompanied by a cannon that fired frequently without effect, took their weary way around and around and around, with nothing to do but work. There was the Utah National guard, presenting in life what was presented in caricature by The Herald last month. Governor Cutler was present, in duplicate, accompanied by leading members of his political staff.

The float "Hew Our Beard of Public Works" was realistic, if nothing more, Messres, Wall and Riter, stripped and armed with eight-ounce gloves, came together almost as frequently and almost as violently as they do in real life. Other floats represented well known men and things, such as Hines' water famine, with Ed Murtle on the water wagon—an impossible conceit—an automobile made mobile by a horse affixed to its rear end, and many others.

GERMAN FOR NORWAY.

London, July 27.—The correspondent of the Daily Mail at Stockholm, says:

The object of Emperor William's interview with Emperor Nicholas was to obtain the consent of the latter for a prince of the house of Hohenzollern to ascend the throne of Norway. It is possible that the Russian emperor will consent provided Russia be permitted to slightly rectify her frontier on the Atlantic.

The Daily Mail, commenting on the dispatch, suggests that the "rectified frontier" means that Russia wants to acquire the strip of Norwegian territory, which parts Finland from the Arctic occan, thus gaining a seaport.

Against Publisher For \$10,000 Against Publisher For \$10,000 For Libel.

stion is being asked, when ar they going to quit bringing libel suits in the district court against William Glas mann and the Standard Publishing company? The latest suit against these parties was filed last evening in the district court by Alice Lewis Richards, who asks for \$10,000 damages, alleged to be due for the defamation of her good name and character. This suit also arises out of the publication in the Ogden Standard and the Examiner of certain statements concerning the arrest of T. G. Richards, husband of the plaintiff, on the charge of rape and attempted rape of his step daughter, Olivia Lewis, 13 years of age, and daughter of the plaintiff, which statements allege that the mother was implicated in accomplishing the said crimes, of which Mr. Richards was exonerated. This makes already \$50,000 worth of libel suits filed against Mr. Glasmann and his company by members of the Richards family growing out of the alleged defamatory articles that were published in his papers. ann and the Standard Publishing com

A few days ago these two men were in Ogden and pawned a number of knives and guns at Hymen's second hand stors for a coat, vest and hat. Sheriff Balley had learned that such goods had been stolen from Reno and immediately took the goods into his possession and notified the sheriff at Reno, who sent an exact description of the goods taken from the store and the goods pawned here were part of the identical stuff, but the two men had gone east. Sheriff James was notified and blaced the two men under arrest and secured about \$75 worth more goods. The Reno officers have notified Sheriff Balley that they will start for Evanston for the prisoners just as soon as they can get requisition papers.

## CAMP CONROY DESERTED.

Industrial School Boys Are Home Again After Outing.

Camp Conroy, in the mountains just east of Ogden valley, is a deserted playground, and the Industrial school boys are home again. During the past two days the sixty-two boys who are confined at the state industrial school have been having a joiliffeation and real summer outing. On arrival at the selected spot the boys pitched tents and named their camping grounds "Conroo" in honor of Dr. Conroy, member of the school board. The boys have spent the days very pleasantly in practicing military drills, playing ball, fishing, hunting, etc. They did their own cooking, washing and housework and had one of the neatest and best regulated camping grounds in the mountains.

One excellent feature of the trip was that the boys were placed on their honor. They were given their freedom and permitted to have their sports without restriction and not one of the boys broke faith. ound, and the Industrial school boys are

SENT TO REFORM SCHOOL.

Boy Given Chance, But Relapses Into Bad Conduct.

Farmington, July 26.—David Lindsey

Farmington, July 26.—David Lindsey of Kaysville, 17 years of age, was before Judge Howell in the district court today to receive sentence for burglary in the second degree, under a plea of guilty. At the June term sentence was suspended for sixty days, during good behavior, but Lindsey got into trouble again, and today Judge Howell committed him to the state industrial school until he shall have attained his majority.

The case against Fred O. Hutchinson of Layton, in which burglary is charged, was dismissed on motion of the district attorney, without prejudice to the filing of a new complaint.

Mary Layton Donnelly vs. David M. Fisher; motion of defendant's attorneys to set aside default order, was granted and defendant permitted to file an answer. The case involves \$1.000 alleged to be due plaintiff on an unwritten or implied lease of premises at Syracuse.

Francis J. France vs. Davis County Dairy company; motion for dismissal submitted without argument, and court dismissed the action with costs to plaintiff. Nancy J. Earl vs. John Earl, snit for separate maintenance; deeree of court that plaintiff recover nothing; each party

## RHEUMATISM COMMON IN SUMMER

The time to get rid of Rheumatism is in Summer while the blood is endeavor-ing to purge itself of all poisons and impurities, and the skin is active, with all the pores and glands open and able, in this way, to assist in the elimination.

Columbus O., 1355 Mt. Vernon, Ave. Columbusso., 1355 Mt. Vernon, Ave. Six years ago I had a severe attack of Inflammatory Rheumatism, and the doctors I had did me no good. They changed medicine every week and nothing they prescribed seemed to help me. Finally I left off their medicine and began the use of S. S. My knee and elbow joints were swollen terribly, and at one time my hands were so swollen and painful that I could not close them when opened. I was getting discouraged, you may be sure, when I began S. S. S. but as I saw it was helping me I continued it, and today I am a sound, well man and have never had a return of the disease.

R. H. CHAPMAN.

The inactivity of the Liver, Kidneys and Bowels causes the refuse matter to remain in the system, which, coming in contact with the different acids of the body, forms uric acid to be absorbed by the blood and distributed to the different joints and muscles, producing the pains, inflammation and other distressing symptoms of Rheumatism. The wandering pains of the disease remind the sufferer that the poison is still in the blood and he should lose no time in getting it out. S. S. S. neutralizes the acid and makes

the blood rich and pure. It tones up every organ and cures the disease perma-nently. S. S. S. neatly. S. S. S. contains no harmful minerals to disagreeably affect the system, but

PURELY VEGETABLE, while curing the disease builds up every part of the body by its fine tonic effect. Book on Rheumatism and any medical advice desired without charge. THE SWIFT SPECIFIC CO., Atlanta, Ga.

A Clinical Preparation That Positively Kills the Dandruff Germ.

A most important discovery has been made after a year's patient laboratory work aimed in a certain direction—it is Newbro's Herpicide, a preparation that prevents falling hair, and speedily and permanently eradicates dandruff. These evils are caused by a germ or parasite that burrows into the scalp, throwing up dandruff, as it seeks to sap the life of the hair at the root. There's no baldness without falling or thin hair, no thin hair without dandruff, and no dandruff if the germ is destroyed. Newbro's Herpicide is the only preparation that will do the work.
